

Royal Microscopical Society

BiolmagingUK Meeting – Monday 1 July 2019

Scientific Organiser: Prof. Maddy Parsons, King's College London

This meeting will provide an opportunity for the UK Bioimaging community to discuss priorities and strategies in training, development, careers and ways to share knowledge across different disciplines. The session will consist of short talks from members of the BiolmagingUK organising committee, BBSRC, and industrial/institute collaboration partners (Royce, RFI, Faraday) to update on progress, new opportunities and initiatives. There will be interactive Q+A sessions to encourage discussion and enable emerging priorities and ideas to be highlighted. The meeting is open to everyone with an interest in bioimaging.

Timetable

- 1330: Future plans for BioimagingUK - *Maddy Parsons*
- 1345: International links with BioimagingUK - *Jason Swedlow (Univ Dundee)*
 - Euro-Biolmaging - *Antje Keppler (Euro-Biolmaging)*
 - Biolmaging North America - *Simon Watkins (BINA)*
- 1410: General discussion and Q+A
- 1425: Building links between BioimagingUK and RFI - *Angus Kirkland*
- 1440: Building links between BioimagingUK and Royce - *Ian Wimpenny*
- 1455: Coffee/tea break
- 1520: Building links between BioimagingUK and Faraday Inst - *Nigel Browning*
- 1535: BioImage Data Ecosystem - *Ugis Sarkans (EMBL-EBI)*
- 1550: UKRI Bioimaging Strategy – *Daniela Hensen (BBSRC) and Charlotte Inchley (MRC)*
- 1615: Discussion, feedback, priorities for next meeting and Q+A
