Important: please see notes overleaf

IMPORTANT PLEASE READ

1. All electrical installations (including main only) must be ordered via the main electrical contractor Bill Moule & Sons Ltd.
2. All electrical installations must comply with the Venue Regulations.
3. Only one extension lead per socket may be used.
4. Lighting circuits must not exceed 1000 watt / 10 luminaires
5. Any complaint regarding the electrical installation must be reported in writing before the close of the exhibition.
6. Unless supplied with a drawing the installation will be fitted at the electrician's discretion. Any repositioning of these on site will be charged for, at £25.00 per item.
7. If any electrical fitting/s are positioned within the stand i.e. not attached to the walls or fascia, please make sure that the corresponding light battens have been ordered from the official stand contractor.
8. No allowance has been made for maintenance to client's own fittings / tracks during the exhibition.
9. Showcases with lighting will require a connection each – please remember to order if required.
10. All sockets will be UK 3 pin.

Please indicate below the position of the electrical items you have ordered
