LASER 2000

Produkt overzicht

LIGHT METROLOGY

Westboro Photonics – colorimetric camera's for light metrology
Viso Systems – far field goniometers
Labsphere – integrating sphere systems diffuse reflectance materials
Admesy – spectrometers, colorimeters, flicker instruments
Photon Engr – optical design software

LIGHT SOURCES

Lumencor – SSL tunable light sources
Labsphere – uniform light sources

OPTICAL COMPONENTS

Semrock – optical filters
Chroma – optical filters
Andover – optical filters
General Photonics – fiber optic components

NANO-MICRO POSITIONING

TMC – optical tables, vibration isolation
Opta – optical breadboards
Xeryon – fast and silent piezo positioners
Zaber – motorized multi-axis positioners

T&M INSTRUMENTS

PhotonFirst – FBG sensor interrogators
Somni – FBG fiber sensors
Liquid Instruments - Moku:Lab tester
Coherent LMC – power/energy meters
Arroyo – laser diode LD/TEC controllers
Dataray – laser beam profilers
General Photonics – PIC components, polarization test equipment & sources

LASER SAFETY

NOiR – laser safety goggles
LaserVision – laser safety goggles, laser curtains and -windows

GLOVEBOX SYSTEMS

Korea Kiyon – glove box systems
Vaisala – moisture sensors

SCIENTIFIC LASERS

Cobolt – single freq DPSS and diode lasers
Hubner – C-FLEX laser combiner, CW tunable OPO laser
CNi laser– compact DPSS lasers
Opotek – tunable high energy OPO lasers
Lumibird – high energy YAG pulsed lasers and narrow linewidth fiber lasers
Light Conversion – tunable fs/ps OPA lasers
Spark – compact fs lasers for life sciences
Power Technology – laser diode modules

LASER BEAM STEERING

Meadowlark – phase array SLM systems
Lanmark – scanners and control cards

INDUSTRIAL LASERS

Nuburu – 450nm >500W fiber laser
Universal – CO_2 lasers and marking kits
Light Conversion – fs/ps -lasers
Luxinar – CO_2 laser sources
Spectral – quality glass CO_2 tubes

INDUSTRIAL LASER SYSTEMS

Gemini – laser engraving materials
Enduramark – laser marking sprays
Universal LS – laser cutters / engravers
ACI laser – YAG marking systems
CK Laser – fiber laser 3D marking stations
2000Fiber – fiber engraving systems
