Public Engagement and Outreach Bursary

It is recognised that many RMS Members are engaged in outreach activities where some external funding would help with those little extras, such as consumables, refreshments etc. Council has set aside a special bursary fund for this specific purpose of up to £100 per application.

If you have been a member of the Royal Microscopical Society for more than one year at the time of application, you are eligible to apply for support from this fund.

Payment will be made after the event, on completing an RMS Expense Form and producing the relevant receipts and report, the deadline for this being 30 days after the date of the event.

After the outreach event the member will prepare a short report for publication in *infocus*.
